We Build College Students.

A MESSAGE FROM THE NEIGHBORHOOD HOUSE ASSOCIATION AND REALITY CHANGERS

The Neighborhood House Association (NHA) is proud to announce an exciting partnership with Reality Changers' College Apps Academy Program, where college dreams are realized. With a focus on Head Start Alumni, first generation college students, located in Southeastern San Diego, this joint program will offer all of the benefits of the Academy's 13-month program, with the additions of a mentorship/ community service component and an optional paid internship opportunity.

NHA's Head Start Program is a federally-funded child development program designed to help break the cycle of poverty by providing preschool children of low-income families with a comprehensive program to meet their emotional, social, health, nutritional and psychological needs. Reality Changers transform lives, schools, and communities by providing youth from disadvantaged backgrounds with the academic support, financial assistance and leadership training. Together, our common goal is to give graduating seniors a "head start" to college by providing all the necessary tools and resources, from start to finish, where alternatives are limited. We are confident that this will improve our Head Start Alumnus' chances of continuing their education beyond high school.

Hosted by NHA and facilitated by Reality Changers, we are committed to helping students build compelling college applications that increase their opportunities for acceptance through the development of personal statements, financial aid and scholarship assistance, interview preparations, and important life skills like time management, civic engagement, and independence.

We encourage you to become involved by pledging a \$25,000 gift or a donation of any amount. Every \$25,000 gift will help 20 Head Start alumni students earn over \$1,000,000 in college scholarship aid. That's a 40:1 return on investment in just 18 months time! Please act now and become a part of this new endeavor to empower Head Start Alumni High School Students reach the next level of their academic careers.
